Kanara College Society's  
**DR. A. V. BALIGA COLLEGE OF COMMERCE**

**KUMTA-581362**, (Uttara Kannada District, Karnataka)  
(Affiliated to Karnatak University, Dharwad)

---

### 4.3.1 Institution frequently updates its IT facilities including Wi-Fi

**Response:** The plans for infrastructural development are given top priority as the College realizes the correlation between adequate infrastructure and effective teaching – learning. The strategies adopted for ensuring adequate infrastructure are as follows:

At the beginning of the academic year need - assessment for replacement / up gradation / addition of the existing infrastructure is carried out based on the suggestions from IQAC committee members, Heads of the departments, lab technicians and system administrator after reviewing course requirements, computer – student ratio, budget constraints , working condition of the Existing equipment and student grievances.

- Optimal deployment of infrastructure is ensured through conducting workshops/awareness programs/training programs for faculty on the use of new technology.
- Effective utilization of infrastructure is ensured through appointment of adequate and well qualified lab technicians/system administrator.
- The institute has always been reviewing the current needs and accordingly the internet bandwidth is upgraded from time to time.

Our college has computerized central library. It's having database of books available in the library is being updated regularly. Records of all the library users have also been created through e-lib new version software. All the library activities are computerized including circulation facility. OPAC facility is available for searching books in the library. in our college we have biometric system for staff attendance. the most common form of biometric is fingerprint form, where candidates have to punch in and out their fingerprints while entering and leaving college.
